## Notes

### **Guide Selection**

Not sure which guide to select? Leave it unselected – we'll discuss the options after you submit your case.

### **Evaluation Fee**

Every submitted case is charged 70€ for evaluation, included in the guide price. Fee is billed only if the case is not completed (procedure not possible, or clinician/patient opts out).

### **Case Approval & Discussion**

Upon receiving your request, we will **set up a WhatsApp discussion** to review your request, provide additional information, and **confirm your approval** of the planning and pricing.

### **What the Price Covers**

Price covers data processing, evaluation, planning, modeling, and guide fabrication. Additional components (sleeves, pins, drills) are billed separately.

### **Digital Data Only**

If you only need digital data, 35€ is deducted from the service.

### **Advanced Services**

Advanced wax-up design (STL) and/or temporary prosthetics fabrication available via custom quote.

### **Express Service**

Need the guide in under 5 workdays? +35% express surcharge applies.
